### Alfa Laval wins SEK 125 million energy-efficiency order

**Alfa Laval – a world leader in heat transfer, centrifugal separation and fluid handling – has won an order to supply Alfa Laval OLM I heat exchangers to a petrochemical plant in the Middle East. The order, booked in the Energy & Process segment, has a value of approximately SEK 125 million and delivery is scheduled for 2017.**

The order comprises the delivery of Alfa Laval OLM I heat exchangers which will be used to increase the yield and recover energy in the production of ethylene, an important ingredient for the manufacturing of industrial chemicals and plastics products.

“I am very pleased to announce this order for our OLM I heat exchangers,” says Svante Karlsson, President of the Process Technology division in Alfa Laval. “It proves that our product design fits both performance and reliability when working in the petrochemical industry’s demanding applications.”
