### Alfa Laval wins SEK 115 million offshore pumping systems order

**Alfa Laval – a world leader in heat transfer, centrifugal separation and fluid handling – has won an order to supply Framo pumping systems for an FSO project in Norway. The order, booked in the Marine & Offshore Pumping Systems segment, has a value of approximately SEK 115 million and delivery is scheduled for 2016.**

The order comprises crude offloading and fire water pumping systems for an FSO (Floating Storage and Offloading vessel). Once completed, the FSO will be moored in the Norwegian sector of the North Sea.

“I am pleased to announce another large order for our Framo pumping systems to the offshore oil and gas industry,” says Lars Renström, President and CEO of the Alfa Laval Group. “These reliable and efficient products fit very well in our product portfolio for this industry.”
