### Alfa Laval wins SEK 185 million energy-efficiency order in India

**Alfa Laval – a world leader in heat transfer, centrifugal separation and fluid handling – has won an order to supply Alfa Laval Packinox heat exchangers to a petrochemical plant in India. The order is booked in the Process Industry segment and has a value of approximately SEK 185 million. Deliveries are scheduled for 2013 and 2014.**

The Alfa Laval Packinox heat exchangers will be used in the production of mixed Xylenes, ingredients in the manufacturing of synthetic nylons and PET bottles.

“This is the second large order, within a short period of time, for our highly energy-efficient Alfa Laval Packinox heat exchangers. This order proves that our customers value the superior performance of Packinox heat exchanger in the demanding petrochemical and refinery applications”, says Lars Renström, President and CEO of the Alfa Laval Group.

**Did you know that...** the Indian petrochemical industry is expected to grow 12-15 percent annually over the next five years, according to a report from the Associated Chambers of Commerce and Industry of India (Assocham)?
