Item 14:

Re-election of the members of the Board of Directors Gunilla Berg, Björn Hägglund, Anders Narvinger, Finn Rausing, Jörn Rausing, Lars Renström, Waldemar Schmidt and Ulla Litzén.

The Nomination Committee proposes that Anders Narvinger shall be appointed Chairman of the Board of Directors. Should Anders Narvinger's assignment as Chairman of the Board of Directors end prematurely, the Board of Directors shall appoint a new Chairman.

Information on all members proposed to the Board of Directors and a report on the Nomination Committee's work is available at Alfa Laval AB's website, www.alfalaval.com and will also be available at the Meeting.

The Nomination Committee proposes that the authorized public accountants Kerstin Mouchard and Staffan Landén shall be appointed auditors of the Company for a period of four years following this Meeting i.e. for the period until the Annual General Meeting 2012. The Nomination Committee proposes that the authorized public accountants Håkan Olsson and Thomas Swensson shall be appointed deputy auditors of the Company for a period of four years following this Meeting, i.e. for the period until the Annual General Meeting 2012.

Item 16

The Board of Directors proposes that the Meeting resolves on the following principles for remuneration to the Company management.

1. Scope

The "Company management" refers to the Managing Director and the other members of the group management. These principles applies to employment contracts for members of the Company management entered into following adoption of these principles by the Meeting, and to amendments to existing employment contracts for the concerned individuals made thereafter. The Board of Directors shall, in certain cases, have the right to deviate from the principles if there are special reasons to do so. Such special reasons may be, for example, if there is a need to offer members of the Company management residing abroad terms which are competitive in their country of residence.

2. The main principle and how remuneration matters are prepared

The main principle for these principles is that Alfa Laval should offer remuneration on market conditions which will enable the Company to attract and retain a skilled Company management. The Board of Directors has established a Remuneration Committee with the task of preparing matters regarding remuneration and other employment terms for the Company management. The Board of Directors shall resolve on these matters following preparation by the Remuneration Committee.

3. Fixed remuneration

The fixed salaries shall be revised annually and shall be based upon the competence and areas of responsibility of each individual.

4. Variable remuneration

The variable remuneration comprises (i) an individual annual variable remuneration, and may, as a supplement, also include (ii) a long-term incentive program.

(i) The individual annual variable remuneration may be between 15 and 60 percent of the fixed remuneration, depending on position. The outcome shall depend on the degree of fulfilment of financial targets in particular, and to a more limited extent also on qualitative targets.

(ii) The Board of Directors intends in 2008 to resolve on the introduction of a long-term incentive program, to be directed to not more than 75 of the Company's top executives, including the Company management. The long-term incentive program is intended to be a supplement to the individual annual variable remuneration. It is the intention of the Board of Directors to introduce a long-term incentive program on similar terms in 2009 and 2010. The long-term incentive program for 2008 is a cash-based program connected to the Company's profit per share and will run for three years. The program may each year generate up to a maximum of 16,67 percent of the participants' individual annual variable remuneration. Payment will be made after three years, provided that the participant is an employee at that time.

The Board of Directors may consider proposing a share or share price-related program for the Company management to the Meeting.

5. Pension benefits

A detailed description of current pension benefits for the Company management is available in note 3 of the Annual Report 2007.

As from 2006 a premium based early pension scheme with a premium of 15 percent of the pensionable income is offered. Early retirement benefits are committed selective and only after a special resolution of the Remuneration Committee. Retirement pension following the age of 65 and family pension in accordance with the ITP-plan (supplementary pensions for salaried employees) also include salary portions above the 30 basic amounts of the ITP-plan. This previous preferential based solution was renegotiated during 2006 with the majority of those included in the solution, and was replaced by a premium based solution, with a premium of 30 percent of the pensionable income beyond the 30 basic amounts. The Company management has a special family pension consisting of the difference between retirement pension and the family pension according to the ITP-plan. In addition to this, they have the opportunity to allocate salaries and bonuses to a temporary old-age and family pension.

6. Non-monetary benefits

Members of the Company management have the right to normal non-monetary benefits, such as car and healthcare benefits. In certain cases, Alfa Laval can also arrange for housing.

7. Dismissal and severance pay

Should Alfa Laval dismiss a member of the Company management, such person will be entitled to receive remuneration during the notice period and severance pay to an amount corresponding to a maximum of 24 monthly salaries.

Item 17

The current Nomination Committee consists of Finn Rausing, Tetra Laval, Lars-Åke Bokenberger, AMF-Pension, Jan Andersson, Swedbank Robur fonder, Lars Öhrstedt AFA/TFA-försäkringar, Peter Rudman, Nordea Fonder and the Chairman of the Board of Directors Anders Narvinger. Finn Rausing is Chairman.

The Nomination Committee proposes that the Meeting resolves:

that there shall be a Nomination Committee to prepare and present proposals to shareholders at the Annual General Meeting on the election of Chairman of the Annual General Meeting, Chairman of the Board of Directors, members of the Board of Directors and, where applicable, auditors as well as remuneration to the Board of Directors and the auditors;

that the Nomination Committee shall have no more than five members, who shall be the representatives of the five largest shareholders at the end of the third quarter. The majority of the Nomination Committee members must not be members of the Board of Directors. Members of the Nomination Committee shall be appointed as follows. The Chairman of the Board of Directors shall at the end of the third quarter contact the five largest shareholders in the Company, who shall have the right to appoint one member each of the Nomination Committee. In addition, the Nomination Committee may decide that the Chairman of the Board of Directors and other members of the Board of Directors shall be members of the Nomination Committee. If any of these five shareholders declines the right to appoint a member of the Nomination Committee, the next shareholder in terms of size of shareholders should be offered the opportunity to appoint a member of the Nomination Committee. There is no obligation to ask more than eight of the largest shareholders should several shareholders decline the right to appoint members to the Nomination Committee. However, more

than eight shareholders should be asked if this is required for the Nomination Committee to comprise at least three members. Should a member resign from the Nomination Committee before its work is completed, the shareholder who appointed such member has the right to appoint a substitute member. The Nomination Committee should be chaired by an owner representative who may also be a member of the Board of Directors. The Chairman of the Board of Directors shall however not be appointed Chairman of the Nomination Committee. The Chairman of the Board of Directors shall, as part of the Nomination Committee's work, ensure that the Nomination Committee is informed on the Board of Directors work and need for specific competence and other circumstances that could be of importance for the Nomination Committee. Individual shareholders shall be entitled to submit proposals for members of the Board of Directors to the Nomination Committee for further evaluation within the work of the Nomination Committee;

that an appointed Nomination Committee shall remain until a new Nomination Committee is appointed. Should an owner represented in the Nomination Committee substantially decrease its ownership with the effect that such owner's representative would no longer be qualified for the Nomination Committee, another of the largest owners shall, upon decision from the Nomination Committee, be offered to appoint a new member to replace such representative;

that information on the composition of the Nomination Committee shall be announced publicly in the Company's third-quarter interim report and on the Company's website not later than six months prior to the Annual General Meeting;

that the Nomination Committee shall be entitled to charge the Company for costs for recruitment consultants, if necessary, in order to obtain a suitable selection of nominees for the Board of Directors; and

that the Nomination Committee shall report on its work at the Annual General Meeting.

Item 18

At the Annual General Meeting held on April 23, 2007, it was resolved, in accordance with the Board of Directors' proposal, to authorise the Board of Directors to acquire up to 10 percent of all shares in the Company on the OMX Nordic Exchange Stockholm. By virtue of such authorisation the Company has purchased a total of 4,323,639 of its own shares as of March 11, 2008.

a) The Board of Directors proposes a reduction of the Company's share capital with SEK 43,236,390 by cancellation of the 4,323,639 repurchased shares. The proposal is subject to the Meeting's approval of Item 18 (b) below. The Board of Directors proposes that the reduction amount is allocated into a fund at the disposal of a General Meeting.

A valid resolution under Item 18 (a) requires the support of shareholders holding at least two thirds of both the votes cast and the shares represented at the Meeting.

b) The Board of Directors proposes, subject to the Meeting's approval of Item 18 (a) above, an increase of the Company's share capital with SEK 43,236,390 by means of transfer from non-restricted equity to the share capital (bonus issue). The increase shall be executed without issuing new shares. The reason for such bonus issue is that if the Company increases its share capital by an amount corresponding to the amount by which the share capital is reduced, by the proposal of the Board of Directors in Item 18 (a), the reduction of the share capital can be executed without approval from the Swedish Companies Registration Office, or in case of dispute, from the court.

The Board of Director's proposal in Item 18 (a) will reduce the Company's share capital with SEK 43,236,390 and the Board of Director's proposal in Item 18 (b) will increase the Company's share capital by way of a bonus issue with the corresponding amount. This will result in the share capital being unaffected. The Board of Director's report in accordance with chapter 20, section 13, and the auditors' report in accordance with chapter 20, section 14, of the Swedish Companies Act (2005:551) will both be included in the complete proposals.

Item 19

With reference to the proposal on split of shares in Item 20, and subject to the Meeting's approval of such proposal, the Board of Directors proposes to amend Article 4 of the Articles of Association with the effect that the minimum and maximum number of shares that can be issued is changed from a minimum of 74,500,000 and a maximum of 298,000,000 up to a new minimum of 300,000,000 and a new maximum of 1,192,000,000 number of shares. A resolution in accordance with the above is only valid if supported by shareholders holding at least two thirds of both the votes cast and of the shares represented at the Meeting.

The Board of Directors further proposes to amend Article 9 of the Articles of Association, by inserting a new paragraph 11, and to renumber the current Article 9, paragraph 11. The current wording:

11. Other possible issues to be dealt with at the General Meeting in accordance with the Swedish Companies Act or the Articles of Association.

Proposed change (amendment in italics)

11. Resolution on principles for remuneration of the company management.

12. Other matters which according to the Swedish Companies Act or the Articles of Association shall be addressed at the Meeting.

Item 20

With reference to the proposal under Item 19 to amend the Articles of Association and subject to the Meeting's approval of such proposal the Board of Directors proposes a split of shares by which each existing share will be split into four (4) new shares. It is also proposed that the Board of Directors is authorised to decide the day on which the resolution shall be executed.

Item 21

The Board of Directors proposes that the Board of Directors is authorised to resolve, on one or on several occasions, during the period until next Annual General Meeting, on the purchase of own shares subject to that the holding of own shares must not exceed five (5) percent of all shares in the Company. Purchases shall be made on the OMX Nordic Exchange Stockholm at the market price prevailing at the time of each purchase. The purpose of the proposed repurchase is to give the Board of Directors the possibility to adjust the Company's capital structure during the period until the next Annual General Meeting. Further, the purpose is to adjust the capital structure of the Company by cancelation of the shares repurchased under this authorisation. A resolution in accordance with the above is only valid if supported by shareholders holding at least two thirds of both the votes cast and of the shares represented at the Meeting.

Available documents

The Annual Report, the auditors' report, the Board of Director's statement regarding the proposal for distribution of profits in accordance with Item 10 b), the auditors' report on the compliance with the principles for remuneration of the Company management resolved at the Annual General Meeting of 2007, and the complete proposals for the above decisions, will be held available for the shareholders at Alfa Laval AB as of March 26, 2008. Copies of the documents will be sent to shareholders requesting such documents and stating their postal addresses. In addition, the documentation will be held available on the Company's website as of the above date.

Miscellaneous information

As of March 14, 2008, the total number of shares and votes in the Company are 111,671,993. All shares have equal rights. As of March 11, 2008, the Company holds 4,323,639 own shares, which cannot be represented at the Meeting.
