

# Application Information for Tank Cleaning Devices

Date:

1. CUSTOMER INFORMATION	
Distributor/Channel/Customer:	
Salesperson:	
Name of End User:	
Contact Name:	
Address (City/State)	
Email:	
Phone Number:	

2. TANK INFORMATION	
*If tank drawings are available, please skip this section and attach drawings to email	
Description of Tank:	
Tank Size:	Diameter: _____ Height: _____
Tank Configuration:	Vertical          Horizontal
Tank Construction:	Stainless Steel          Carbon Steel          Plastic          Fiberglass
Number of Available Openings:	
Size of Openings:	
Describe Tank Obstructions: (Agitators/baffles, etc.):	
Installation of Tank Cleaner:	Permanently Installed          Portable
Drain Size:	
Is Pump Aided in Draining:	Yes          No

3. SOIL INFORMATION			
Name of Residue:			
Category of Residue:	Category 1	Category 2	Category 3
	Wet Liquid	Dried/Caked On	Burnt On
	Thin	Gel/Lotion	Thick
	Non-Sticky	Slightly Sticky	Viscous
	Water Soluble	Crusty	Tar-Like
	Powder	Oily	Sludge
	Clear	Film/Slimy	Very Caked On

4. SYSTEM INFORMATION	
Available Pressure/Flow:	
How is tank cleaned currently?	
Wash Fluid:	Water          Solvent          Caustic          Corrosive
Is Wash Fluid Recirculated:	Yes          No
Approx. Wash Fluid Temperature:	
Describe Level of Cleanliness Req:	Visibly Clean          Hygienic Clean          Validated Clean          Riboflavin
